SPRINT B

LAPR4 PROJECT

Client presentation

Tiago Marques 1201276

Eduardo Silva 1201371

Pedro Alves 1201381

Pedro Fernandes 1201384

Presentation content

- ◆ Main objectives of the system
- ◆ Adopted development process and planning
- ◆ Teamwork methodology and conflict resolution strategy
- ◆ Product quality
- ◆ Expected results
- ◆ 'Turnkey' format for software delivery/sale

Main objectives of the system

Warehouse management

Warehouse creation,
product location and
AGV management

Easy and simple
questionnaires/surveys to the costumer,
related to the system
and the product

Questionnaires /Surveys

Product management

Orders management
and product registration

Users' registration
and role hierarchy

User management

Adopted development process and planning

Issues (1–14 of 14)

Title	T 	P	Status	Votes	Assignee	Created	Updated	
#9: 9001: Prepare a presentation			NEW		 Pedro Maia Marti	2022-04-22	3 minutes ago	
#11: 2002: Configure the AGVs			NEW		 Tiaqo Gonçalves	2022-04-22	3 minutes ago

#6: 1003: Register a new costumer			NEW		 Eduardo Moreira	2022-04-22	2022-04-22	
#5: 1002: View/search the products catalog			NEW		 Pedro Fernandes	2022-04-22	2022-04-22	
#3: Setup base code			NEW			2022-04-18	2022-04-18	
#2: Planning			NEW			2022-04-11	2022-04-11	
#1: Domain Model			NEW			2022-04-04	2022-04-04	
#13: Removing runtime warnings			NEW			3 days ago	3 days ago	

Teamwork methodology and conflict resolution strategy

Agile methodology adopted: Scrum

Product quality and expected results

Product Quality

In this sprint, we think we meet all functionalities with success, with an organized way of work and planning.

Expected results

With a good start, we think we will present a good final product that will meet all requirements established.

'Turnkey' format for software delivery/sale

Bootstrap

Initialize the application with some default objects, e.g. products, categories, warehouse plan...

Terminal

The product can be demonstrated in the terminal of the computer or in a virtual-machine.

Product demonstration
